

LE.N.S.TM

FEATURES

“THE FUTURE OF COLLABORATIVE POLICING”

SECURE NOTIFICATIONS

Securely distribute important information between multiple agencies and officers quickly via a secure and modern law enforcement specific platform.

FILE SHARING

Instantly share photos, video, documents, files, and more across jurisdictions, without limitation and from any device.

INSTANT CONNECTION

Send alerts and intelligence notifications across the state without delay - with the push of a button.

REAL-TIME COLLABORATION

Instantly respond to notifications in real-time, creating a fluid and instant communication chain during critical incidents.

CENTRALIZED

Connect with thousands of law enforcement officers and professionals from one centralized law enforcement specific platform.

KEEP UP-TO-DATE

Subscribe to and follow notifications to receive live updates regarding those notifications that are critical to your jurisdiction, agency, or community.

MUCH, MUCH, MORE.
