

## **Add Recipient Name Here,**

This email is reaching you as you have been chosen to serve as a “**Law Enforcement Notification and Sharing**” (LENS) platform liaison and the requisite training dates are now available for registration.

## **Background**

In March of 2024, the New Jersey State Police announced the implementation of an all-new statewide law enforcement notification and intelligence sharing platform. The “Law Enforcement Notification & Sharing” (LENS) platform was developed and is operated by Online Police Solutions, Inc. (See attached flier). LENS was developed to help keep our law enforcement community safe by providing real-time notifications and interactive communications across jurisdictional borders, on a secure and modern law enforcement specific platform. LENS is not an email system but rather a cutting-edge communication tool intended to replace the current Trak Flier software.

The state aims for the training and implementation of LENS to be completed in all agencies prior to July 1, 2024, at which time they anticipate going “live” with LENS.

LENS is being made available to all state, federal, county, and local law enforcement agencies operating throughout the State of New Jersey at **no cost**. Authorized officers will be able to utilize LENS to make notifications to law enforcement members and agencies statewide as well as to select private sector groups and stakeholders such as public officials, hospitals, utilities, and schools.

## **Training Details**

As a selected LENS liaison, you will receive training on the use and implementation of LENS as well as be provided with the needed tools and assets to assist your agency and county-wide law enforcement partners with on-boarding members and activating LENS.

*Please know every possible step has been taken to make this procedure very streamlined, with **minimal impact** on your primary duties.*

Below you will find a link to an online registration form to register for one of the four (4) available upcoming statewide LENS training sessions. **Please complete the attached registration form no later than Friday, May 10, 2024. (SEE BELOW LINK WITHIN THE BODY OF EMAIL)**

Once you have completed the form, you will receive registration confirmation in your provided email and be ready to attend the training. ***If your agency is not already an Online Policing Solutions Network Partner, expect to receive an email***

*within the next couple weeks that will provide you with LENS and OPS Connect login credentials.*
